

# Sponsorship Guide

## Celebrating 45 Years of Impact

For 45 years, the National Foundation for Ectodermal Dysplasias has walked alongside individuals and families affected by ectodermal dysplasias, providing education, connection, and hope. The NFED Family Conference is a reflection of that legacy. It brings together families, medical experts, and advocates for a shared purpose: learning from one another and strengthening a community built on understanding and care.

Our sponsors play a vital role in making this experience possible. **Your support helps provide informative workshops led by trusted medical and dental professionals, meaningful opportunities for families to connect, and resources that empower attendees to navigate the challenges of rare conditions with confidence.** From the first session to the final farewell, sponsorship ensures the conference remains welcoming, impactful, and accessible to those who need it most.

**As we celebrate 45 years of service, we invite you to be part of this milestone moment.** By choosing a sponsorship level, you help sustain a conference that has been a steady guide for generations of families and continues to light the path forward.

Together, we honor the past, support the present, and build a brighter future for those living with ectodermal dysplasias.

## Your support makes Family Conference possible!
